

SVQ Performing Engineering Operations: Mechanical Level 2 *(Broadly comparable to*

SCQF Level 5)

Full-time

Where can I study?

Location	Duration	Course code
Aberdeen Altens Campus	1 Year	QQSR

Introduction to the course

This course is perfect for those who will thrive in a practical workshop environment. Please note that there are four options for studying the SVQ Performing Engineering Operations Level 2: Mechanical (incorporating Manufacture, Maintenance, Fabrication & Welding) course. In addition to this course, the following options exist:

- SVQ Performing Engineering Operations Level 2: Mechanical (Maintenance)
- SVQ Performing Engineering Operations Level 2: Mechanical (Manufacture)
- SVQ Performing Engineering Operations Level 2: Mechanical (Fabrication & Welding)

This course provides a taste of all disciplines, whereas the course options listed above offer the opportunity to follow a more specific programme.

The course is a mandatory component for those in employment who are undertaking a Modern Apprenticeship at Craft, Technician or Graduate level.

Entry requirements

No formal academic qualifications are required for this course, although a practical test will be carried out during interview.

What subjects will I be studying?

- Working in the industry
- Health and Safety
- Turning
- Mechanical Maintenance
- MIG Welding
- Fitting
- Fabrication and fitting

Assessment methods

This course is competency-based, with students undertaking a practical assignment when all training has been completed to a satisfactory level.

Dress code

Full Personal Protective Equipment (PPE) must be worn in workshop areas. This includes coveralls, safety footwear and eye protection.

Course progression

Those who successfully complete this course can progress to:

- NC Mechanical Engineering (SCQF Level 5)
- NC Measurement & Control (SCQF Level 6)

University links

North East Scotland College has links with a wide range of universities from across Scotland. Every one of our HND level courses has articulation opportunities where you could progress from your chosen course to a related university degree, subject to conditions. This is an excellent option for those who may want to come to College at an introductory level, and then work their way towards degree level study.

[Find out more about our associate universities](#)

University progression

You cannot progress to university directly from this course. However, many students complete the SVQ 2 course followed by the NC course and then an HND course, and they can then move on to degree level study.

We also receive interest from graduates who want to complete this course after having completed their degree, in order to enhance their practical skills.

Useful contacts

Head of Faculty:

Patricia Cromar

Academic Tutor

Once you come to College you will be allocated an academic tutor, who will be your initial point of contact. You will meet your tutor at least once a term during tutor hour — they are also the person to go to for the following:

- **Induction:** You will be invited to come in the week before your course starts for your induction. Your tutor will cover key aspects of life at the College to make sure you are well prepared for your NESCol experience.
- **Initial support:** Your tutor is the first point of contact for academic, personal and social support.
- **Attendance:** Your attendance and progress while you are at college, will be monitored by your tutor.
- **Additional support needs:** If you have indicated that you have additional learning or support needs, speak to your tutor who will refer you to the Student Advice and Support team for needs assessment as soon as practically possible.
- **Transitions:** your tutor will keep you informed of the many activities and events organised by the College to support you with career choices, employability, enterprise and articulation guidance and advice.

Student Advice Centre

The Student Advice Centre is your one stop shop for all information and support during your time at NESCol. Staff based within

the centre provide impartial and confidential information and advice on a range of issues including:

- Applications and course advice
- Funding and money management
- Careers, employability and enterprise
- Transitions to college and university
- Key Skills and Study Skills support
- Additional Support for Learning
- Assistive technologies
- Mental health and wellbeing advice
- Care Experienced and Corporate Parenting
- Tier 4 and international admissions

Learning Resources

My NESCol

My NESCol is the College's student web portal that will provide you with on-demand access to all of the links, news and services that you will use once you have enrolled. It's accessible via any computer, and as an Android or Apple app. It's easy to use, and you can even receive important alerts on your device!

Blackboard

Blackboard is the Virtual Learning Environment system used in the College, where you can find a host of useful information and access your courses online. It will be the main platform that your lecturers will use to make resources available to you including interactive materials, videos, assessments and feedback.

IT HelpZone

The IT HelpZones are run by students, for students, and there are helpdesks located in main social areas at the Aberdeen and Fraserburgh Campuses, and a dedicated helpline at our Altens Campus. You can drop in, email or telephone for assistance.

Library+

Each Library offers thousands of resources for study, including books, journals, e-books, e-journals and magazines — all relevant to the courses on offer at the campus in which they are situated. They also offer quiet, silent, individual, and group study facilities.

Bring Your Own Device (BYOD)

NESCol believes that your learning and teaching experience at College can be enhanced significantly by use of a mobile device, such as a tablet or a laptop. For this reason, many students are required to bring a device with them to College. This initiative is known as Bring Your Own Device (BYOD) and its aim is to provide learners with a more bespoke and student-centred learning experience.

Digital Skills Space

Located within each Library Plus facility you will find a dedicated Digital Skills Space, featuring Bring Your Own Device (BYOD) workspaces and dedicated desktop PC work areas. These spaces are also used to deliver core IT teaching, drop-in IT support and scheduled digital skills workshops. You can also use these spaces for flexible access to PCs during Library+ opening hours.

College Calendar

Have a look at our [College Calendar](#) for further information on key dates throughout the year.
