CLIENT REQUIREMENTS

Clients must remove all jewellery and switch off mobile phones prior to entering the treatment salons. Staff and students cannot be held responsible for the loss or damage to clients' personal belongings.

Clients are asked to shower before their treatments in order to enhance the benefits – particularly for body and foot therapies.

Although we will always endeavour to honour all appointments, a student absence in class may result in a cancellation of your appointment without prior notice. Should this occur, our receptionist will always attempt to provide you with an alternative appointment or treatment.

If you are dissatisfied in any way with the treatment you have received, please discuss the details with the lecturer in charge and not the student who performed the treatment.

Thank you for your co-operation.
