

Do you have a Communications team?

North East Scotland College is looking for experts to work with our highly committed and motivated Creative & Digital Media Foundation Apprentices (FAs)

What is a Foundation Apprenticeship?

It's a two year programme for senior pupils in 5th and 6th year which combines school learning, college learning and work experience. They are designed to increase employability by building the skills pupils need to have to be work ready.

How can you help?

- By offering our FAs a work placement so they can gain some real experience
- By sparing some time to come to College to talk about your business
- By hosting a visit to your workplace for students or
- By working with College staff to set an industry challenge project as part of their coursework

If you can help or would like to find out more, please contact [Laura Stephen](#), our Foundation Apprenticeship Programme Officer, who would love to hear from you.

Email: l.stephen@nescol.ac.uk or Phone: 01224 612092

NESCOL offers a wide range of FAs and we are also looking for employer support in other disciplines.
